9. To Edit, Delete an Article

You can always edit or delete an article after it was posted on the website.

Editing an article

In this example, you will edit an article that is on the English section of your website. Here is how to do it.

- **A.** Login the **Control Panel** as usual.
- **B.** Click "**Content Manager**" on the top menu, then select "**Articles**" in the drop down list. Or, you may click on the **Articles icon** in the center area.

C. Select which language site to manage.

You are going to edit an article in the English section, so you will click on the box near the upper left corner and select "**English Site**".
